Heystar Series

Green Leaf was established in September 2014 in Fiji as Hospitality supplies company. From day 1 we're focusing on quality and it is our strongest belief that investment in quality pays back.

Our fit-out division specialize in customized furniture manufacturing, joinery & interior fit-out and turnkey project management. Green Leaf works closely with manufacturing partner from Singapore called Onestop, that allows us to cater for major scale projects. This happens thanks to highly technical 5,000 sqm production facility in China and artisan production facility in Indonesia, we can also source further materials from Indonesia and Malaysia. Having our joinery facility in Fiji allows us to be very flexible with site works should need arise to modify or produce made to measure items

Looking back at our completed projects in the local market, we are proud to have worked with many clients and are very familiar with the needs of food service industry and project management firms. Our vision is to promote the efficient delivery of high-quality services and to save cost.

COMPANY PROFILE

Heystar Series is designed with Scandinavian style (Nordic style) ,light , simple, natural and humanized, which is combined human and nature. The design concept reflects the respect of the craftsmanship tradition and natural color,which is more characteristics of elegant and organic. With the feature of flexible, durable, and F-Zero, it can be used for indoor and outdoor or many different scenes.
